Drawing Amendments:

Proposed changes to Figures 4 and 6 are circled (and shown in red in the original) on the enclosed drawing sheets entitled "Annotated Marked-up Drawings". Specifically, reference numbers 24A and 24B are being added to these figures to more clearly identify the two sections of the groove 24. An arrow is also being added to the reference line for reference number 24. Approval of these proposed changes is respectfully requested. A new set of formal drawings will be provided (with each sheet containing an amended figure being entitled "Replacement Sheet") following official approval.
